### DETAILED ACTION

1. Applicants' Response to Office Action, received 28 November 2006, is acknowledged.
2. Claims 1-16 are pending and under consideration.

### Rejection Maintained

3. The rejection of claims 1-16 under 35 U.S.C. 112, second paragraph, indefiniteness, is maintained for reasons of record.

Applicants argue that the claims are believed to be sufficiently definite to be understood by the artisan of ordinary skill.

The examiner has considered applicants' argument, but does not find it fully persuasive. Based upon applicants' argument, the method may result in two antibody complexes: 1) ImCRAC/host antibody, and 2) host Antigen/added antibody. By definition, in the specification, an ImCRAC is an immuno-cross-reactive antigen component and is an antigen which is not necessarily specific for a given *Mycobacterium* species, but manifests crossreactivity. Therefore, the ImCRAC of the instant claims may bind to an antibody which was induced by any number of species of *Mycobacterium*. Thus, it remains unclear how one speciates a *Mycobacterium* by these methods if one only detects any antibody/antigen complex, i.e., either or both ImCRAC/host antibody or host Antigen/added antibody.

### Conclusion

4. No claims are allowed.
5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of

Art Unit: 1645

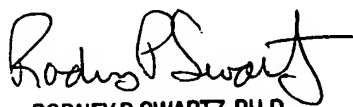

the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
